Board workshop started at 9:00 am all board members weren't present Chad and Monica were not there. James and Jack were also present for the workshop.

IDI handout was presented and went over the construction manager position with Jack and he presented items as priorities for each area of the bond and cost of each item. This took some time to let IDI know what to do at the next meeting with them and the priorities and there for the board.

Went over the cost of each item.

Mike was doing an update on Negotiations with the board when I left at 12:15 pm. Not sure what time the workshop ended as I had to leave.
