

2024-2025 District Student Handbook

Board Approved 8/19/2024

This handbook is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the District. The use of the word “parent” in this handbook means a student’s natural or adoptive parent or legal guardian. Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word “Policy” in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students, or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school’s educational program and well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

The rules and information provided in this handbook may be supplemented or amended by the administration at any time, consistent with applicable law and policy.

To the Parent/Guardian:

The law requires every school district to summarize the general rules and regulations regarding student conduct which are in effect in the school district. The law further requires such rules and regulations to be available in writing to all students and their parents or guardians. This handbook has been prepared to explain and clarify the procedures, policies, and regulations at Clinton Community Schools. This handbook is a summary of the school’s rules and expectations and is not a comprehensive statement of school procedures. The Board’s comprehensive policy manual is available for public inspection through the District’s website www.miclintonschools.org or at the Board office, located at: 340 E Michigan Ave, Clinton MI, 49236. You are urged to contact the building Principal or Superintendent if you have any questions.

EMERGENCY SCHOOL CLOSING PROCEDURES

In the event of an emergency school closure, such as a bad weather day or when school is unexpectedly closed early, the District will notify students, parents, and the general public about the closure in the following manner:

When winter weather or hazardous driving conditions impact school operations, the district will announce either a 2-hour delay or closed status to families by 5:35 a.m. Road conditions in one part of the district may appear passable but driving conditions on back roads and in other areas of the district may not be safe and impact the operation of buses.

- Normal school operations will prevail unless a change of schedule is announced.
- Expect morning buses to be late during severe weather.

We provide this information to families in a variety of ways:

- Emergency message from Infinite Campus sent to email and phone on file (if not receiving please reach out to a building secretary).
- Prominently displayed on our [district homepage](#).
- Social media posts on the district [Twitter](#) accounts.
- Local television and radio ([WLEN](#)) news stations.

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, “Protected Classes”), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

“Unlawful harassment” is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person’s membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person’s ability to benefit from the District’s educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see [Policies 3118](#) and [5202](#). The District’s Title IX Policy is attached to this handbook as Appendix A.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

Mrs. Abigayil Clark

Mr. Kevin Beazley
517-456-6511
kevin.beazley@clinton.k12.mi.us

A report of unlawful discrimination, including unlawful harassment or retaliation, may be made orally or in writing.

A student found to have engaged in unlawful discrimination, including unlawful harassment or retaliation, may be subject to discipline, including suspension or expulsion, consistent with [Policy 5206](#).

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to 517-456-6571.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

- the student's physical or mental illness (a physician's verification is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- personal or family vacations.

Students who are more than 1-9 minutes late are considered tardy.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who is absent due to illness has as many days for each day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see [Policy 5301](#).

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in [Policy 5503](#).

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying [Policy 5207](#).

Cell Phone Use

Students may use cell phones or other electronic devices while at school, only at their lockers, during passing time, so long as they do so safely, responsibly, and respectfully, and comply with all other school rules while using the devices.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Students may not use cell phones or other electronic devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the

student's parent to discuss the rule violation before returning the cell phone or electronic device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers have established classroom conduct rules that students must follow.

Closed Campus

The school campus is a closed campus. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, [Policy 5101](#), or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;

- Incites violence;
- Contains “fighting words”;
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician’s name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and non curricular activities to cover the District’s reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and non curricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity’s coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student’s parent before being allowed to attend a field trip.

A student’s failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student’s parent or other designated responsible adult to pick up the student from school. If the student requires immediate

medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within ¼ inch of the scalp or live lice may remain at school. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Matt Stanfield
200 E. Franklin Street Clinton, MI 49236
517-456-6504
matt.stanfield@clinton.k12.mi.us

For detailed information about Homeless Children and Youth, see [Policy 5307](#).

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated

immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with [Policy 5713](#) and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with [Policy 5201](#). Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to [Policy 5102](#), lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules. Students must keep all personal belongings, including coats and backpacks, in their lockers during the school day.

Lost and Found

All lost and found items are to be taken to the lost and found, located by the main office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each marking period.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see [Policy 5703](#).

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with [Policy 5703](#). A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Students must follow these rules during recess or while using the playground:

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment [policy 5213](#).

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See [Policy 5309](#) for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in [Policy 5309](#).

Directory Information

The District designates the following information as directory information:

- a. student names, addresses, and telephone numbers;
- b. photographs, including photographs and videos depicting a student's participation in school-related activities and classes;
- c. date and place of birth;
- d. major field of study;
- e. grade level;
- f. enrollment status (e.g., full-time or part-time);
- g. dates of attendance (e.g., 2013-2017);
- h. participation in officially recognized activities and sports;
- i. weight and height of athletic team members;
- j. degrees, honors, and awards received; and
- k. the most recent educational agency or institution attended.

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix D. This form allows the parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix E before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.

12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.
15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.]

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by [Policies 5210](#) or [5805](#), applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Infinite Campus.

To register for Infinite Campus contact Dolores Meade at 517-456-2010 or at dolores.meade@clinton.k12.mi.us

Grades

Report cards will be issued at least once each quarter. Grades are calculated using the following grading scale of 4.0 and below.

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact Katie Bennett at 517-456-6511 or at katie.bennett@clinton.k12.mi.us

Summer School

Summer school will not be offered for the 2024-2025 school year.

SECTION III: STUDENT CLUBS, ACTIVITIES, AND ATHLETICS

Students are encouraged to participate in the various student clubs, activities, and athletics offered by the District.

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct [policy 5507](#) and any applicable team rules.

For more information, see [Policy 5507](#).

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see [Policy 5510](#).

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

Discipline Generally

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of [School Discipline](#) & Applicable [Due Process](#)

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate

consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board’s decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District’s ability to impose more or less severe disciplinary consequences depending on the situation’s unique circumstances and the following factors:

1. the student’s age;
2. the student’s disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District’s authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.
